Sight Words

Sight words are all about recognition.

Let us revise the sight words 'in' and 'my' with the children.

THE HIGH FIVE GAME

- ❖ Trace/paint hand prints of your child and write the sight words 'in' and 'my' on them.
- ❖ Paste them on different places in your house. Whenever you say 'in', the child has to find and give a high five to the word 'in' and make a sentence with the sight word. For example: The toys are 'in' the box.
- ❖ Whenever you say 'my', the child finds and gives a high five to 'my' and makes a sentence with it, For example: I love my mom.
- ❖ Whenever you say them together he/ she needs to give a high five to both and make a sentence.

For example: There is a chocolate in my bag.

Our Sense Organs

We have five sense organs. They are

- ❖ EYES (for seeing)
- ❖ NOSE (for smelling)
- ❖ EARS (for hearing)
- ❖ TONGUE (for tasting)
- ❖ SKIN (for touching or feeling)

This week we will enjoy experiencing the different things our sense organs do.

POPCORN TIME

- Make popcorn in the presence of your child (you can use microwave/ cooker). Make them touch the corn before making it.
- Let the child listen carefully to the popping sound.
- Encourage the child to smell the aroma of the fresh popcorn.
- The child uses the sense of touch again while scooping the popcorn in a bowl to eat.
- Finally the child can taste piping hot popcorns.

Let us watch and learn more about our sense organs
