

Schedule for online classes - For Classes P3, P4 and P5

Online Teaching for the new academic year will start from Saturday 4th April 2020. Live sessions at fixed half hour slots, will be offered as per the given schedule to students of classes P3 to P5 (Academic Session 2020-21).

During the last academic session, the school collaborated with NASCA- an organization that offers a comprehensive range of pedagogical approaches that integrate seamlessly with the school curriculum in the field of STEAM (Science, Technology, Engineering, Art and Math). Traditionally taught as separate subjects, STEAM aims at integrating them to inculcate a problem solving attitude in students and make complex subjects like Mathematics and Science relevant and engaging. Along with academics, online sessions will be conducted by NASCA instructors as per specified schedule. Concepts will be explained by trained faculty members and related practical applications will be demonstrated through videos.

Online Teaching will be conducted through Microsoft Teams. Parents are requested to click on the link and help their ward access the online classrooms per the time table given for each grade. The lesson plans have been formulated to meet all quality standards and learning objectives.

Kindly check the website again on Sunday 25th April 2020 for any subsequent schedule or information.

Wishing everyone good health and safe times!!

Manju Rajput
Principal

IMPORTANT INSTRUCTIONS FOR PARENTS

1. Please make arrangement for your ward to experience the online classes in a quiet, noise-free area of the house. Other siblings/relatives/household help should not be allowed in that space.
2. Instruct your ward **NOT TO UNMUTE** himself/herself and concentrate on what the teacher is delivering. Please explain to him/her that decorum must be maintained and every student is responsible for ensuring that the teaching-learning experience is successful and enriching for all students involved.
3. To reinforce concepts, worksheets related to the online classes conducted in a day will be uploaded on the school website. Kindly access the same, using the login ID and the password given by the school to your ward, download them and make your child do those after the class.

The school is continuously trying to enhance the quality of sessions. We request your cooperation in these initial days of trying out a new medium of instruction.

Class P3

Steps to enter an online classroom:

1. Download Microsoft Edge and Microsoft Teams on your device.
2. Copy the class specific link, paste it into the URL section of Microsoft Edge and press Enter.
3. When directed to Microsoft Teams, click to join in as guest.
