MONTHLY PLANNER-NOVEMBER 2021

Dear Parents,

Greetings !

This month brings with it the much celebrated festival of lights - Diwali, Chhat Puja and Gurpurab . The season of festivals is marked by heavy use of crackers which increases pollutants like sulphur dioxide, carbon monoxide and many other poisonous gases that can cause ailments like asthma, bronchitis, hypertension etc. The noise and air pollution caused by firecrackers also affects the life of animals, birds, the sick and elderly. It is important for us to be responsible and sensitize our children towards celebrating a clean and green Diwali, Chhat Puja and Gurpurab.

So this year, let's decorate our homes with diyas, candles and rangoli and open our hearts by being sensitive to the needs of others. Let's pledge to keep our environment pollution free and 'Say No to Crackers'. We wish you all a month full of joy and prosperity.

Kindly note:
