## English

### Vowels and Consonants

The English Alphabet has 26 letters.

It is divided into vowels and consonants, because of the way the letters sound.

**What are vowels?** Vowels are letters that are spoken with an open mouth. There are five English vowels- a, e, i, o and u.

**Example-** In the word 'airplane', 'a', 'i' and 'e' are vowels.

**What are consonants?** Consonants are all the remaining letters of the alphabet. The English consonants are: b, c, d, f, g, h, j, k, l, m, n, p, q, r, s, t, v, w, x, y, z.

**Example-** In the word 'chair', 'c', 'h' and 'r' are consonants.

## EVS

### My Family and Myself

When we meet new people, we greet them and introduce ourselves. To introduce ourselves we should tell our name and age, our class and school, number of members in our family, the place where we live, our hobbies or things that we like to do etc.

A family is a group of people related to each other. In a family, each member loves and cares for the other. There are two types of families; small or nuclear family and big or joint family. Can you find out what is the difference between these two types of families?
