Home Work 1B: The homework has to be submitted on 28.04.2023

- 1) Exercises 1 and 2 given on pages 13 and 14 in the Grip on Grammar have to be done in the book itself.
- 2) Read the Comprehension Passage given below carefully. Answer the questions that follow. The questions and answers have to be done in the homework copy.

Our Wonderful Neighbours

My name is Maria. I live in Mumbai with my grandparents, parents and my naughty younger brother. Our neighbours are the Naiks, who live in the house adjacent to ours. They are very friendly and helpful. They have a pet, a cuddly beagle named Oliver. Mr. Naik always takes Oliver for a walk in the morning and comes back with little goodies for my brother and me. Mrs. Naik is a great cook. Whenever she cooks anything, the aroma of the delicious food floods our house and makes my mouth water.

One day, while climbing the stairs, my mother had a bad fall. She fractured her leg and had to be hospitalized for a few days. Apart from other concerns, my dad wondered how he would manage to feed us. The Naiks came home and told him not to worry. They said that they would manage our kitchen. From then on, till my mother recovered completely, Mr. and Mrs. Naik would come to our house every morning at 6:30 am and prepare our breakfast and lunch, which was always something different and tasty. They would cook dinner at their home and send it to us. My grandparents also loved their cooking. We were very grateful to our wonderful neighbours. My dad told me that it is a great virtue to help one another in times of need, something which I'll always remember, thanks to the Naiks.

Ex) Answer the following questions:

- Q1) Where does Maria live and who does she live with?
- Q2) How could Maria tell that Mrs. Naik was a good cook?
- Q3) Who was hospitalized and why?
- Q4) How did the Naiks help Maria's family during the time her mother was injured?
- Q5) What did Maria learn from the incident?

Math
