

# RAGHUBIR SINGH JUNIOR MODERN SCHOOL

## HUMAYUN ROAD, NEW DELHI – 110003

We extend a very warm welcome to your ward into the world of fun and learning in K.G ! It will be our constant endeavour to make every student feel safe and secure in the new class and hope the journey becomes meaningful as well as full-filled for them .

The Academic Year 2019-20 has been a challenging one for all in terms of health and safety of our children and stake holders.

Unfortunately, in January when the world heard of the novel Corona Virus , no one anticipated the outbreak to take the form of a Global Public Health Emergency as declared by the World Health Organization.

As the pandemic has shown its presence in country, the safety and well being of our Students, Staff and Parent community is always of utmost importance to us. However, our teachers have already swung into action and started designing the ***“teaching and learning continuity plan”*** for our students and parents.

Starting academic session 2020-21 , we will be giving you guidelines and online teaching material so that children back home can use technology to learn and to master concepts in a fun play way method .

We, at school, are committed and confident that the learning experience will not be compromised.

## Guidelines

1. The school will be connecting with you and your ward weekly .
2. Each week a new topic will be shared, along with some activities and work sheets. Talk to your child about the given topic during the week and explore it.
3. Please take print outs or use any available exercise notebook to attempt the attached worksheets. Help your child to write his/her name and the date.
4. Maintain sheets in a file as we would like to see them.

***And if you don't have a printer don't you worry..***

5. The videos posted are for reference only and needn't be learnt by heart.

In the first week we will take up the topic

## Myself

What's your name ?

How old are you ?

What is your favourite colour ?

What is your favourite game?

Which school do you study in ?

Which class are you in ?

What is your favourite food ?

There is so much to learn when you learn about yourself. Let's learn the fun way . Click on the link below to learn about 'MYSELF'.

<https://www.youtube.com/watch?v=MQb51QajjnY>

<https://www.youtube.com/watch?v=lrqkjS1cV24>

I am special, I am special,  
Look at me, look at me,  
A very special person, a very special person  
And that is me, And that is me.

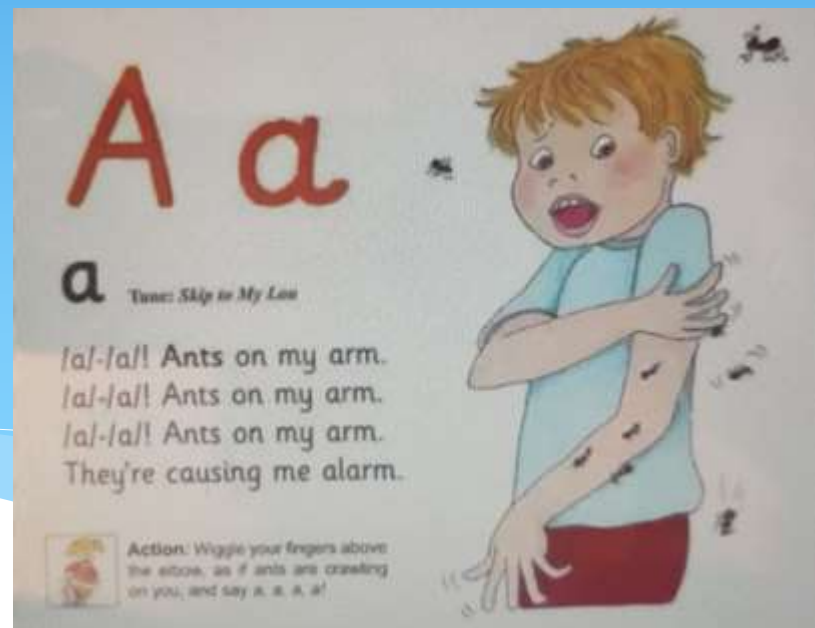

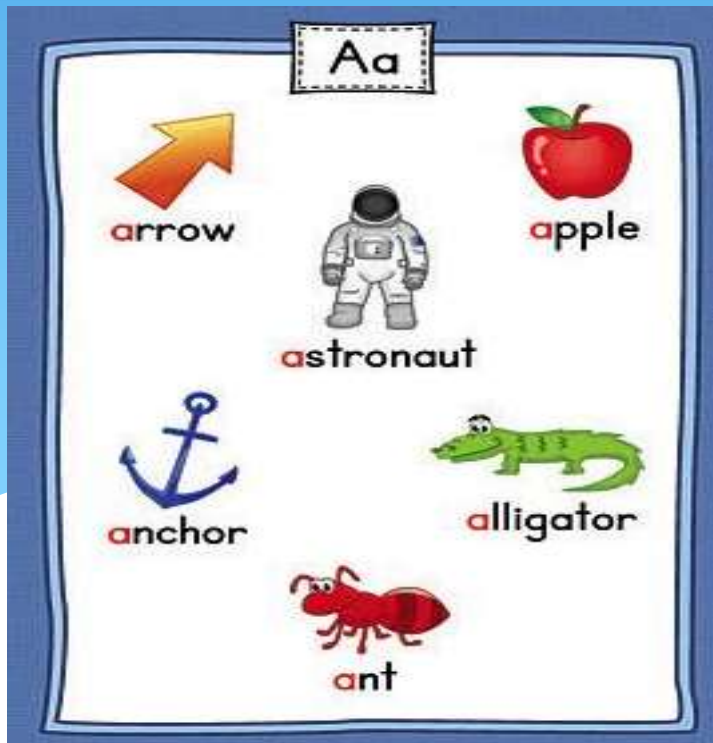

Now it's time to have some fun with sounds and numbers  
Are we all ready .....

Let us all have some fun watching and singing along with the video time and again  
and revise the sounds in a fun way .

Please click the link below to enjoy the world of sounds ...

<https://www.youtube.com/watch?v=1Qpn2839Kro>

We will revise Letter Aa and sound Aa this week

Numbers are fun, aren't they...

let us all count and learn numbers while enacting with the songs given below .

<https://www.youtube.com/watch?v=-BhTBXdc1o>

<https://www.youtube.com/watch?v=nngTq7FruSI>

Not only that, let's do one fun activity .

Place lots of spoons in front of your child.

Make slips of numbers ranging from 1-5 .

Ask the child to pick up a slip, read the number and then give you as many spoons.

For example, if the child picks up the slip with number 3, then the child will give you 3 spoons.

Don't forget to click pictures when your child does this activity.

Hope you and your ward have a great time doing these fun activities, watching videos and attempting worksheets.

Today, as we all stand together to look at a new face of learning, we urge you to join hands with us in opening up yet another avenue to make teaching-learning interesting for our children.

Stay home , Stay safe.....
